To Whom It May Concern:

Blue Horizon Foundation has been an avid supporter of Chabad's Children of Chernobyl (CCOC) for the past five years. We at CCOC are proud and privileged to work with them on various functions which enable CCOC to raise the funds necessary to rescue children remaining in contaminated Chernobyl areas.

CCOC is a not-for-profit organization that permanently evacuates children from the radioactive Chernobyl region. CCOC provides them with critical medical care, new homes and an excellent education in Israel.

CCOC has organized a number of events with Blue Horizon Foundation, the majority of which were hosted at their venues. We look forward to working with Blue Horizon Foundation on many more successful fundraisers in the future.

If you have any questions, please feel free to contact me at (212) 681-7800. Thank you.

All the best,

Esti Herman  
Executive Director
