To Whom It May Concern,

Blue Horizon Foundation has been a wonderful supporter of Elevate New York this past year. We at Elevate are proud of our partnership with Blue Horizon and extremely grateful for their support.

Elevate New York is an educational nonprofit based in New York City, dedicated to raising up the next generation of urban leaders by building long-term, life changing relationships with urban youth. We currently serve underexposed students in the South Bronx by teaching them life skills and character qualities every day in the classroom. Beyond the classroom and curriculum, the program takes students out of their usual environment through afterschool mentoring. By exposing our students to leading business professionals in the metropolitan area, their value for education and their life vision are raised and expanded for a more successful future.

Elevate has organized both a Spring Fundraiser event and a Youth Development trip to the Hamptons with Blue Horizon Foundation, both of which have been hosted at their properties. We look forward to working with Blue Horizon Foundation on many more successful fundraisers and student events in the future.
